GEO ITINERARY

Mont Blanc Hiking

Day 1: Chamonix Arrive in Chamonix at any time.

Arrive in Chamonix at any time. Due to the potential for flight delays or cancellations, we recommend that you plan to arrive in Europe at least a day in advance. This will also give you time to adjust to the time difference and overcome any jetlag. We can book extra hotel nights for you in Chamonix before and/or after the trip. Your alpine hotel is in the center of Chamonix, giving you an opportunity to enjoy the area and rest before and after the hikes. Please note that check-in at the hotel is usually around 2:00-3:00 p.m. There are no planned activities until an intro meeting around 6:00 or 7:00 p.m., usually in the hotel lobby. Check for a sign or ask at the reception desk about the exact time and location of the group meeting. Please make every effort to arrive in time for this meeting. If you are delayed and will arrive late, please inform us. Your tour leader will then leave you a message at the front desk informing you of where and when to meet up tomorrow. After the meeting, you might choose to get dinner at a nearby restaurant with your traveling companions and your tour leader to further get to know one another. It will be hard to choose from alpine specialties like cheese fondue, tartiflette, or raclette—perhaps accompanied by some famous "Vin de Savoie" wine.

Day 2: Chamonix (B) Enjoy a full-day hike into the Chamonix Valley's L'Aiguillette des Posettes trail.

Today we will head out in the Chamonix valley for our first hike. The L'Aiguillette des Posettes trail takes us through alpine forests dotted with impressive rock formations. We will hike up the steep-sided valley for splendid views across to the peaks and glaciers. The ascents and descents on this day are quite long but the ground is relatively easy. We gain height gently in switchbacks, on a narrow trail across mountain turf and rock. There are superb views across to Mont Blanc, and the relatively easy ground underfoot makes this an easier day than the elevation gain may at first suggest. Please note the hike can change depending on weather conditions. Hiking Info: 6-7 hrs, 8km Elevation gain: 850m (2,788 ft). Highest elevation: 2,201m (7,221 ft).

Day 3: Chamonix (B) Enjoy a free day to explore. Opt to take a breathtaking cable car ride up the Aiguille du Midi pinnacle, visit the Mer de Glace, take a walk through the Ice Cave, or go for a dip in the local thermal spa.

Taking a break from our walking, we'll spend today exploring the Chamonix region with various optional activities to suit everyone's interests. Why not take a recommended cable car ride up the famous Aiguille du Midi and across the glaciers to Punta Helbronner in Italy? Or if you want some excitement, opt to join a rafting trip, or go parapenting - these activities are available and bookable locally, and your tour leader will have suggestions for where to do this. If you are itching for more hiking, there are plenty of trails in the area. Don't miss the chance to try some of the local specialty food that this region is famous for in one of the town's many excellent bars and restaurants. See our optional activity list further below for more information. For a more relaxing day, you can choose to stay at resort level and enjoy some local hikes in the area or perhaps visit the local leisure centre. One good hike in the area starts in Les Praz by the pretty medieval church. Don't miss the chance to try some of the local specialty food that this region is famous for in one of the town's many excellent bars and restaurants!
